## COMFORT

### ENGINEERED FOR LUXURY

Warm, quiet, and incredibly soft underfoot. Bring the serenity of nature indoors with PureGrain Comfort. Its lifelike texture and rich tones evoke the tranquility of a woodland retreat. Luxury meets longevity in every step.

### HOW PUREGRAIN COMFORT IS MADE

#### 1 WEAR LAYER

Clear wear layer that protects your floor from scratches, spills, and everyday wear and tear.

#### 2 DECOR LAYER

This layer gives the floor its design and appearance, mimicking the look of natural materials like wood.

#### 3 CORE LAYER

This is the thickest and most important layer, crafted from a mixture of PVC and foaming agents; this layer provides the softness underfoot and waterproof properties.

#### 4 UNDERLAYMENT LAYER

The attached pad provides both sound reduction and enhanced comfort properties.
