## Features

Water on wood? No worries. Repel Splash-Proof hardwood features an advanced water-resistant barrier that REPELS moisture the instant it strikes the surface, protecting your floors from everyday use. Each plank is finished with ScufResist Platinum Technology which protects your new flooring from household scuffing. A note from our designers: Inspirations Maple reflects the beauty found in nature - bringing a calm, peaceful serenity into your home. Inspired by the weathering process of raw wood as it is exposed to the elements, Inspirations Maple's sliced-face veneer highlights the gorgeous imperfections of knots, grains and character of natural hardwood.
