## RENEW

### ENGINEERED BY NATURE

Manufactured from renewable wood resources and PVC-free, PureGrain Renew is our most sustainable flooring option. Crafted from the heart of nature, every step is a gentle reminder of the world's beauty.

### HOW PUREGRAIN RENEW IS MADE

#### 1 MELAMINE FINISH

The melamine resin makes the paper incredibly durable, resistant to scratches, stains, and moisture.

#### 2 DECOR LAYER

This layer gives the floor its design and appearance, mimicking the look of natural materials like wood.

#### 3 CORE LAYER

Renew's high-density HDF core layer is made from recycled wood materials like sawdust and wood pulp.

#### 4 UNDERLAYMENT LAYER

The attached pad provides both sound reduction and enhanced comfort properties.
